Bruce,

Good to hear from you. We have the letter you sent, but have not received any of the follow-up documents you said you were going to send. I wasn't sure if you sent them and they did not get delivered or you just didn't get around to it yet.

As far as the call goes, calendars are filling up fast. If you can send us a couple dates, we can let you know of our availability.

By the way, Heather's e-mail is hehenry@pa.gov. You sent the letter to hhenry.pa.gov, which does not exist in our system.

JIM

Subject: Sunoco MH Termination

EPA recently received another letter from Sunoco's counsel regarding the proposed termination of the CD for MH. We wanted DEP to have a copy of the letter and to review it for accuracy. I'd like to have a call to discuss the permit status for the emission sources and any ongoing requirements that will outlive the CD. I have copies of the attachments that I will have to send in several emails because the file is too large. Let me know if you have any questions.
